

ANNUAL REPORT
of the
PORTLAND FIRE DEPARTMENT

From January 1, 1949 to December 31, 1949, inc.

To the: Honorable City Council of Portland

Gentlemen:

In compliance with the requirements of the City Ordinances, I herewith submit my twenty-sixth Annual Report of the Fire Department.

The Department responded to 1410 calls. This is 113 less than received the previous year.

Telephone or Still Alarms	1092	Actual Building Fires	122
Telephone Alarms transmitted as Bell Alarms	66	Chimney Fires	120
Bell Alarms	237	Other than building fires (grass, leaves, etc.)	759
A. D. T. Alarms	15	Emergency Calls	100
	<u>1410</u>	No Fire or Needless	228
		Multiple Alarms	5
		Out of City Calls	2
		False Alarms	<u>74</u>
			1410

The estimated fire loss for the year amounted to \$77,603.58.

This is 13% more than the loss for the previous year, nevertheless it is low compared to other years.

1919 - 1929 Average yearly loss	\$381,452.08
1929 - 1939 " " "	\$211,436.82
1939 - 1949 " " "	\$170,278.47

There were 14 fires with losses of \$1,000 or over, classified as follows:

\$1,000 - \$2,500	5
\$2,500 - \$5,000	6
\$5,000 - Over	<u>3</u>
	14

The losses on these fires amounted to \$54,779.94, which was 70% of the loss for the year.

The other 108 building fires averaged \$211.33 loss per fire.

Losses and Insurance

	<u>Valuation</u>	<u>Insurance</u>	<u>Loss</u>
Buildings	\$2,142,650.00	\$1,938.050.00	\$60,785.58
Contents	\$ 201,372.66	\$ 177.050.00	\$16,818.00
Total	\$2,344,022.66	\$2,115.100.00	\$77,603.58

Number of Actual Fires in Buildings	122
Number of Fires Other Than in Buildings	759
Number of Chimney Fires	<u>120</u>
	1001

Number of Fires confined to origin	945 or 95.0%
Number of Fires confined to floor of origin	28 or 2.5%
Number of Fires confined to Building	25 or 2.2%
Number of Fires extending to adjacent building	3 or .3%
	<u>1001</u> 100.0%

Loss per capita \$.91

Number of Building Fires per 1,000 population 1.42

Percent of loss to total value of property involved 3.03%

Fires extinguished by the Department	654
Nothing Used	<u>347</u>
	1001

Method of Extinguishment

With Chemicals or Booster Lines	562 or 85.93%
With Booster and Hydrant Lines	41 or 6.26%
With Hydrant Lines	47 or 7.20%
With Hydrant and Pumper Lines	4 or .61%
	<u>654</u> 100.00%

Equipment Used

Amount of hose laid	78,250 Feet
Amount of hose wet	70,850 "
Chemicals used	30 Gals.
CO ² used	63
Foam Used	2,700 Lbs.
Booster Equipment in service	169 Hrs. - 13 Min.
Engines pumped	60 " - 30 "
Ladders set	10,325 Feet
Salvage Covers spread	65
Oxygen used for emergency cases	7 Tanks
Number of miles apparatus traveled	4,970.1

Number of Fires with Losses over \$1,000

1933 - 39	1942 - 30
1934 - 45	1943 - 24
1935 - 31	1944 - 34
1936 - 30	1945 - 30
1937 - 30	1946 - 25

" 13 - Peaks Island - Joseph Pauling to State Pier - fractured skull.
" 18 - Portland Airport - (awaited possible air crash which was averted)
" 27 - Holyoke Wharf - Ralph Sweeney - drowning victim.
" 30 - Peaks Island - Richard Williams to State Pier.

Apparatus

A seven hundred gallon tank truck, complete with booster pump, hose, and minor equipment, was purchased for use on Peaks Island.

The Mack chemical, purchased in 1925, was built over into a tank truck for use on Long Island.

There were no other apparatus changes.

Consideration should be given to the replacement of the following pieces of apparatus, all of which have been in service more than twenty years:

The tractor on Ladder 5, purchased in 1922, and the rear end in 1928

Engine 9 purchased in 1924

Engine 8 " " 1926

Engine 2 " " 1929

Engine 6 " " 1929

Ladder 6 " " 1929

1 Triple Combination (750 gal.)
1 Motor hose and chemical combination
6 Double Exercise and hose sleds
1 Single " " " "
1 Single Hose Pump
4 Double " " " "

Houses

Stations Engine 11 and Engine 12 were painted throughout.

Minor work was done on the other stations as required.

Alterations were made at the station on Long Island in order to accommodate the two pieces of apparatus now assigned there.

All of the stations should be painted on the outside. Unless this is done before long, major repairs will be required.

Attention should also be given to modernizing the older stations.

Hose

In 1949, 800 feet of 2-1/2 inch hose and 300 feet of 1-1/2 inch hose was condemned.

Two thousand feet of 2-1/2 inch hose was purchased.

Nine hundred feet of 1-1/2 inch hose, single jacket, was purchased for use on Little Diamond Island.

One thousand feet of 1-1/2 inch hose with the new Peaks Island tank truck.

Hose in Service

	<u>2-1/2"</u>	<u>3"</u>	<u>1-1/2"</u>	<u>3-1/2"</u>	<u>3/4"</u>	<u>1"</u>

Total	37,475	10,500	10,600	150	400	3,500

Island Fire Protection

Peaks Island

The tank truck recently purchased for use on this island will be assigned there as soon as the station is remodeled. This will replace the Reo hose and chemical combination bought in 1920 and now in reserve.

Long Island

Fire protection on Long Island is far more efficient than ever before. The two pieces of apparatus are manned by a volunteer company, well organized.

Cliff Island

Fire protection on Cliff Island remains the same. When the new community building is completed, arrangements should be made for housing the apparatus there, and for organizing a volunteer company.

Great Diamond Island

For nearly fifty years, the city has depended on the services of the personnel and equipment at Fort McKinley for fire protection on this island. With the closing of this fortification in the near future, other arrangements must be made.

A volunteer company has already been organized. Provisions should be made for providing a suitable piece of apparatus, and a building for housing the same.

Little Diamond Island

During the past year six 1-1/2" valves have been installed on the summer main. One hundred and fifty feet of hose (1-1/2") and nozzle has been located in cottages nearby. This arrangement provides some protection during the summer months when the cottages are occupied.

Cushing's Island

At the present time this island has no fire protection.

The cottage owners are making arrangements to provide a suitable water supply, also gate valves. When this work is completed, the City should supply hose and nozzles.

Special Duties

In addition to regular fire duties, members of the Department handle police duties on Peaks Island, and cover nine school crossings in the city proper.

Following is the record of the police work on the island:

Complaints	217
Emergency cases to fire boat	37
" " " Casco Bay boats	57
" first aid given	29
Help or aid	57
Investigating damaged property	8
Open doors	9
Locating missing persons	15
Fires handled by "Jeep"	6
Calls from Police Headquarters	19
" " Fire	3
" " Welfare Dept.	3
Miscellaneous	15

Four of the school crossings are covered from Central Station.

The Rescue truck with four men goes to the crossing in the vicinity of the North School. While three of the men are doing crossing work, the other man stays by the radio on the apparatus. In the event of a fire, there would be but little delay in the response of the apparatus.

Two crossings are covered by men from the Arbor St. Station, and one each from Stations 4, 6 and 11.

During the past year the fire boat made 37 special trips to Peaks Island and one trip to Great Diamond Island to bring sick people to the city, and one trip to Long Island to carry medicine to a sick patient.

Fire Prevention Activities

Due care on the part of the public in preventing fires, plus the splendid cooperation of the various city departments which made so effective the spring clean-up and fire prevention week campaigns, coupled with the efficient work of the Fire Prevention Bureau, has again resulted in an extremely low fire loss for the year.

Following is the fire inspection record for the year:

Dwellings (less than 3 families)	3639
" (3 or more families)	2333
Lodging Houses	504
Hospitals	149
Hotels and Apartments	1045
Schools	180
Theatre and Assembly Halls	327
Mercantile Buildings	1415
Gasoline Stations and Garages	956
Manufacturing Plants	354
Miscellaneous	875
Reinspections	1275
Orders issued (verbal)	501
" " (written)	391
Orders complied with	513
Complaints handled	744
Complaints referred to other Departments	229

Manual Force

Chief	1
Deputy Chief	1
District Chief	2
Captains	17
Lieutenants	17
Privates	115
Civilians	3
	<u>156</u>

Pensions

There were no retirements during the year.

Deaths

Private Patrick J. Bowen, joined the Department October 28, 1920, died December 11, 1949.

Callman Joseph F. Davis retired January 9, 1923, died March 8, 1949.

Engineman James H. Markley retired March 1, 1945, died April 20, 1949.

Captain John M. Wallace retired Nov. 1, 1942, died Sept. 21, 1949.

Lieutenant Edward A. Hodgdon retired Jan. 1, 1945, died Nov. 8, 1949.

Narrative Report
of
Fire Department

"Rescue One on school patrol"--"Rescue One on school patrol"--over the loud speaker system at fire headquarters comes this call four times a day while schools are in session. This call signifies that nine firemen from five different fire stations are on school crossing duty, another public service assigned to the Fire Department.

Owing to the infrequency of large fires, some of the public, at least, may have the idea a fireman has but little to do. However, such is not the case. In cold weather the hydrants have to be tested frequently and kept clear of snow. Training and instructions on the use of the various tools and equipment are going on constantly in the fire stations. The drill tower is in use during the warm season of the year. All for the purpose of better preparing the men to more efficiently perform their duties. There are always the daily chores to be done in caring for the stations and the apparatus.

To these many duties is added the fire inspection work. The effectiveness of the more than 15,000 inspections made last year, coupled with the excellent cooperation of the public in preventing fires from starting, again resulted in a low fire loss.

The loss last year of \$77,603.58, while it shows an increase of 13.6% over the previous year, nevertheless is one of the low loss years in the past half century.

The 1410 calls received is 7.4% less than the previous year. Only two people were killed by fire in 1949 as compared to 4 in 1948.

The 1367 inspections made by the wire inspector also helped to keep down the fire loss. On these inspections the electric wiring was condemned in 39 buildings, and the service was cut off from 19 buildings, all potential fire breeders.

Four new fire alarm boxes were added to the system, and all boxes, fire, police, and cable were painted. The fire alarm boxes were tested every month in order to assure prompt operation of the system. A 5 K.W. generator was installed, so that in the event of power failure, the signal systems will continue to function.

Fatalities

January 30, 1949 - 105 Winter St. - Mrs. Mary E. Waltz

March 15, 1949 - Shoe Factory, Lowell St. - Edward J. Foster

In neither of the above cases was the Fire Department called.

Financial Statement

	<u>Revised</u> <u>Appropriations</u>	<u>Expenditures</u>	<u>Balance</u>	<u>O'draft</u>
Fire Department	470,497.54	470,497.54		
Fire Pensions	38,061.00	36,605.80	1,455.20	

Recommendations

In view of the number of times the fire boat is used to transport sick or accident cases from the islands, the services of a nurse or doctor should be available with necessary medical supplies to care for the patients while they are on the boat. Should a serious fire break out on the water front while the boat was so engaged, it might be necessary to proceed direct to the fire before delivering the patient to the mainland.

A suitable plan should be adopted for replacing the older pieces of apparatus. Fire apparatus designed with two wheel brakes for traffic conditions twenty-five years ago is not safe to operate on the streets today.

When the report of the National Board of Fire Underwriters is published, based on a survey they made last summer, it will undoubtedly include a recommendation for a fire station in the north-west section of the city. Such a recommendation was made by them in their 1928 and 1938 reports. This station should be constructed without further delay, in order to provide more adequate fire protection in this fast-growing section of the city.

Conclusion

I am deeply grateful to the members of the City Council, the City Manager, the officials of the Water District, and to all others for their cooperation during the past year.

To all officers and members of my department, I extend my appreciation and commendation for the respect they have accorded me at all times, and for the most efficient manner in which they have carried out their duties.

Respectfully submitted

Chief of Department

ANNUAL REPORT
of the
ELECTRICAL DEPARTMENT

From: January 1, 1949 to December 31, 1949

To the: Honorable City Council

Gentlemen:

Following is my annual report of the Electrical Department for the year 1949.

Overhead Construction

Extended the overhead lines, using #9 iron wire, for new fire alarm box installations at Wellwood Road and Hall St.; Cypress St. and Pennell Ave.; and Virginia St. and Nevada Ave.

Replaced the messenger wire and twisted pair, with new messenger and loom cable on Stevens Ave. from Brentwood St. to Lincoln Jr. High School.

Replaced pole on Stevens Ave. opposite Clinton St.

Renewed the tapper line to the Water District shop at the railroad crossing, Brighton Ave., using twisted pair in place of open wires.

Renewed cross arms, pipe, lead wires, and cable box on Pole #10, Franklin St.

Changed cross arms and wires from old poles to new ones at the following locations:

Auburn St.	Pole #16
Capisic St.	" #18-19-20-32
Fore St.	" #49
Leland St.	" #1-3
Brighton Ave.	" #48
Park Ave.	" #54
Lexington Ave.	" #7
Stevens Ave.	" #42-46-88D
Washington Ave.	" #125-135-193-194

Inspected all overhead construction in the Spring and Fall, trimming the trees, and repairing the lines as required.

Underground Construction

Installed new 4 conductor cable on Massachusetts Ave. from Brighton Ave. to Elizabeth Road, and on Center St., from Box 5, Monument Square to Free St.

Replaced 4 conductor cable with 6 conductor on Brighton Ave. from Noyes St. to Massachusetts Ave.

Underground Construction (continued)

Repaired parkway cable on Dartmouth St., damaged by the Gas Company.

Set new fire alarm cable posts at Massachusetts Ave. and Elizabeth Road, and at Center and Free Sts.; also a cable box post on Brighton Ave. opposite Massachusetts Ave.

Changed location of Fire Alarm Box #59 from Brown and Center Sts. to Free and Center Sts.

Raised manholes at Temple and Federal Sts., and Congress and Preble Sts. on account of street work.

Abandoned manhole at Federal and Temple Sts., turning location over to N. E. T. & T. Co.

Inspected and tested manholes as required.

Fire Alarm Boxes

Installed new fire alarm boxes at the following locations:

- #148 - Wellwood Road and Hall St.
- #169 - Cypress St. and Fennell Ave.
- #172 - Virginia St. and Nevada Ave.
- #1744 - Massachusetts Ave. and Elizabeth Road.
- #3376 - Maine Institution for the Blind, Park Ave.

Discontinued private fire alarm boxes:

- #3362 - formerly Children's Hospital, High St.
- #3368 - " State St. Hospital

Relocated fire alarm boxes: #78-924-951 on new poles.

The following fire alarm boxes were taken to the shop for complete overhauling, cleaning and repairs:

- #131-135-153-158-167; 25-28-241-312-313-326; 43-46-47
- 481; 5-51-53-54-57; 6-61-62; 7-718-723-725-734-741
- 84-816-824-831-834; 9-91-93-94-95-96-931-934; 3336

Painted all fire alarm boxes and pole bands.

Reset the following fire alarm boxes as a result of being struck by automobiles: #26-318-47-52-723-834.

Tested all fire alarm boxes every month, and made minor adjustments and repairs as required.

Materials Used

2 Miles #9 iron wire
42 Cross Arms
550 Ft. #14-twisted pair
656 Ft. Messenger wire
872 Ft. Loom Cable
398 .-. Cable Rings
85 Ft. Conduit
4 Fire Alarm Box back braids
1197 Ft. 4 Conductor Cable (new)
652 Ft. 6 " " (fair)
115 Ft. 4 " parkway (good)

Parking Meters

Minor repairs, adjustments, and complaints investigated	1684
Replaced with spare heads	31
Meters knocked down	21
Clocks changed for repairs	118
Meters changed for general overhauling	242
" " from 30 minutes to 1 hour	22
Front cases broken	13

Wiring condemned	39
Service cut off	19

Financial Statement

	<u>Revised</u> <u>Appropriations</u>	<u>Expenditures</u>	<u>Balance</u>	<u>O'draft</u>
Electrical Dept.	44,359.83	44,359.83		
Electrical pensions	3,842.00	2,563.00	1,279.00	

Maintenance

Painted all police and cable boxes and posts.

Made 87 minor repairs to the police signal system.

Replaced 3 broken blue light globes.

" 16 " red "

" 5 lamps in blue light system.

Replaced traffic siren at the corner of Free and Middle Sts.

Overhauled traffic siren at Woodfords Corner.

Wired up and placed in service a 5 K.W. generator at the Electrical Building for use in emergencies.

Relocated recording registers on the A.D.T. and So. Portland alarm circuits, and cut in tappers on each.

Installed new antenna at Ladder 3 for remote control station.

Closed 5 open circuits--4 on fire alarm box and 1 secondary.

Did maintenance work at all fire stations as required.

Peaks Island System

Painted all fire alarm boxes, also bands on poles.

Set up new battery on fire alarm circuit.

Changed loom cable and messenger wire on cross arms and open wires on poles as follows:

Island Ave. - Poles #3-4-11-23-26-47

Church St. - Poles #3-4-9-11

Changed cable box, messenger wire and loom cable from old pole to new one at Pole #15, Island Ave.

Relocated fire alarm box #24.

Wired up siren to operate on alarm circuit.

Cleaned and oiled bell striker and all fire alarm boxes.

Made monthly tests of all fire alarm boxes.

Inspected all overhead construction, trimming the trees and making repairs where required.

Public Service Corporations

New England Telephone & Telegraph Co.

The following is a report of major improvements in the plant of the New England Telephone and Telegraph Company in the City of Portland which were made during the year 1949.

A new modern unattended Central Office and dial system was installed at Peaks Island as a replacement for an obsolete office and associated equipment.. In connection with this new system, old and deteriorated poles were replaced with new poles and distribution wires jointly occupied with the Light Company on various streets on the Island.

The replacement of deteriorated poles was made at various locations on Bedell, Kenilworth, Tremont, Dartmouth, Pitt, Congress (West), Edwards, Brighton Avenue, Munjoy, Washington Avenue, North, Atlantic, Forest Avenue, Riverside, Allen Avenue, Ellsworth, Avon, Deering, Webb and Brentwood Streets.

New inside cable has been placed in the A&P Warehouse, First National Warehouse, Nissens Bakery, Congdon's Express Terminal.

New buried cable has been installed on Cobb Avenue and new aerial cable on Read Street which replaces obsolete and deteriorated wire.

New cable for additional facilities has been placed in Sagamore Village.

Public Service Corporations

New England Telephone & Telegraph Co.

The following is a report of major improvements in the plant of the New England Telephone and Telegraph Company in the City of Portland which were made during the year 1949.

A new modern unattended Central Office and dial system was installed at Peaks Island as a replacement for an obsolete office and associated equipment. In connection with this new system, old and deteriorated poles were replaced with new poles and distribution wires jointly occupied with the Light Company on various streets on the Island.

The replacement of deteriorated poles was made at various locations on Bedell, Kenilworth, Tremont, Dartmouth, Pitt, Congress (West), Edwards, Brighton Avenue, Munjoy, Washington Avenue, North, Atlantic, Forest Avenue, Riverside, Allen Avenue, Ellsworth, Avon, Deering, Webb and Brentwood Streets.

New inside cable has been placed in the A&P Warehouse, First National Warehouse, Nissens Bakery, Congdon's Express Terminal.

New buried cable has been installed on Cobb Avenue and new aerial cable on Read Street which replaces obsolete and deteriorated wire.

New cable for additional facilities has been placed in Sagamore Village.

Public Service Corporations

New England Telephone & Telegraph Co.

(Report not available at this time)

Central Maine Power Co.

(Report not available at this time)

Conclusion

All fixtures on the police blue light system should be replaced.

Provision should be made for replacing the older cables-- some of which have been in service over fifty years.

A few fire alarm boxes should be installed each year to provide protection in recently built-up sections of the city.

The number of fire alarm operators should be increased in order to have two on duty at all times.

Respectfully submitted

City Electrician
