

ANNUAL REPORT
of the
PORTLAND FIRE DEPARTMENT

From: January 1, 1952 to December 31, 1952, Inc.

To the: Honorable City Council of Portland

Gentlemen:

✓ In compliance with the requirements of the City Ordinances, I submit, herewith, my twenty-ninth Annual Report of the Fire Department for the year 1952.

The estimated fire loss for the year amounted to \$174,973.52.

This is \$123,786.67, or 69%, more than the loss for 1951.

There were 14 fires with losses amounting to \$150,834.02, or 86% of the total loss.

The Department responded to 1688 calls during the year.

This is an increase of 411 calls as compared to 1951.

This increase was due to numerous grass and brush fires during the dry Spring.

The Alarms were classified as follows:

Telephone or Still Alarms	1330	Actual Building Fires	162
Telephone Alarms transmitted as Bell Alarms	31	Chimney Fires	104
Bell Alarms	313	Other than Building Fires (Grass, leaves, etc.)	877
A.D.T. Alarms	14	Emergency Calls	137
	1688	Multiple Alarms	6
		No Fire or Needless Out of City Calls	289
		False Alarms	3
			110
			1688

Island Fire Protection

A volunteer fire company was organized on Cliff Island last year. They house the equipment and are responsible for fire protection on the Island.

We furnish the apparatus and pay them \$500 for their services.

Such an arrangement has been in effect on Long Island for several years, and has proven most satisfactory.

There were no changes in the fire protection on the other islands.

Following is a record of police work performed by the Fire Department on Peaks Island:

Training

Training Classes were held at the Drill Tower for Provisional and First Year Men from July 14 to August 14. Each man attended 16 classes of two hours each, making a total of 32 hours.

Pump instruction classes were held from August 18 to August 28.

The period from August 29 to September 25 was devoted to single and double company drills.

A school for officers was carried on during the winter months.

Company drills were held every week at the various stations.

The over-draft was caused by overtime pay during the blizzard in February, for which no provision was made in the budget.

Recommendations

Lack of proper storage space, and poor repair facilities, continue to be a problem.

The store house on Ocean Avenue is a disgrace; the roof leaks, and the building is just about ready to collapse.

There is no room in the present repair shop where work can be done on the apparatus.

I again recommend that we take over the former fire station on India St. for storage and a repair shop; demolish the building on Ocean Ave., and sell the abandoned fire station on Brackett St.

Conclusion

Never before has the Fire Department contended with such conditions as existed during the blizzard of last February. Many sections of the city were impassable. In former years when snow conditions were bad, we resorted to the use of horses, but this year no horses were available.

Fortunately there were no serious fires. During the two worst days we handled one ambulance call, and had one small fire.

I commend the members of the Department who reported for duty, as usual, in spite of the lack of transportation. This is an excellent example of the efficiency and dependability of the men in the performance of their duty.

The interest of the Members of the Council and the City Manager in the welfare of the Department is most gratifying to me.

Respectfully submitted

485 "	6 " " " " "
192 "	4 " " " " "
28 "	4 " " " " (junk)
95 "	3 " " " " "

Conclusion

Owing to the bad condition of some of the cable, it is difficult at times to keep all of the signal systems operating.

When the cable ordered last year is delivered and installed, part of this trouble will be eliminated.

Money should be provided this year for the purchase of the balance of the cable required.

The light fixtures on the Police Blue light "recall" system are in poor condition and should be replaced.
